Just spoke with Bill. After reviewing the conditions, he says LAPD sent their standard generic conditions which were not specific for TAO. Bill says Capt. Zarcone loves TAO and is certain he will agree to the edits.

Nothing we can do tonight. Bill and I are calling Zarcone in the morning. Let's hope we can reach him. Bill suggests bringing a clean copy of the redlined version, the redlined version and the LAPD conditions to discuss with VICE if they attend.

Hugs,

Laurie
